Dear Utah State Employees:

Thank you for your generous gift of \$57 to The Happy Factory for underprivileged children throughout the world. It costs us about \$.50 to make a toy. For most of them it will be the first toys they have ever had, and for many it will be the only toy they will ever own. We are grateful for the assistance that your support will provide.

The Happy Factory is growing rapidly. We have provided more than one million toys to children who are hospitalized or through unfortunate circumstances have placed the child in a situation of illness, abuse, or poverty. A small toy from The Happy Factory will bring untold joy and happiness to these very needy children. We have received comments from a wide variety of recipients regarding the immediate benefits of Happy Factory toys.

With the need to provide toys, your gift will be used for material only. No labor or salaries will be paid from your gift. Each dollar given will go directly to manufacturing toys through volunteer organizations or individuals who see the tremendous impact that The Happy Factory is having on disadvantaged children.

The Happy Factory has been designated by the Internal Revenue Service as a charitable organization under the provisions of Section 501(c)3 of the IRS Code. Since we gave you no goods or services as consideration for any part of your donation, your entire gift is eligible for the appropriate charitable deductions under the IRS Code. Your receipt is enclosed.

Thank you again for your very special gift to The Happy Factory and the needy children of the world

Sincerely,

A handwritten signature in blue ink that reads "Donna W. Cooley".
